

In 1976 Counter-Form LLC. began operations, focusing on a single goal: To make the highest quality postform countertop in the industry at an affordable price, while providing its customers with the best in service. Today, although techniques and product lines have changed, our goal remains the same. Counter-Form offers unsurpassed experience, from our office staff to our fabricators. We offer quick lead times and the best in customer service. Discover why Counter-Form is an industry leader.

Counter-Form crafts a complete line of ready-to-cut laminate slabs, custom, and cut-to-size laminate countertops with all the colors and patterns available from Wilsonart®, Arborite®, Formica®, Pionite®, and Nevamar®. We stock over 250 of their best-sellers and offer many different edge profiles. Counter-Form can fabricate an almost infinite array of creative possibilities.

On the surface, laminate countertops all look pretty much the same. It's what's underneath that separates Counter-Form from the rest! Constructed from the highest quality western pine industrial board. With Counter-Form quality countertops, what you don't see makes all the difference!

THE ESSENTIAL PROGRAM FROM COUNTER-FORM

Available exclusively on Slab/Blank orders.
ECO edges do not include backer on the front
build down and features a particle board scribe.
Limited to the edge profiles featured in this book.
Minimum orders do apply.

MANUFACTURER'S WARRANTY

Any of our products found to have a manufacturing defect within one year from purchase will be handled in the following manner:

1. We will ship, to our dealers "point of delivery", all materials supplied by us.
2. In as much as Counter-Form LLC has no control over installation or fabrication on the job, **no warranty is expressed or implied in reference to installation, plumbing or labor of any manner.**
3. At our option, before shipping materials, we may request to inspect the job.
4. All materials coming off the job become property of Counter-Form LLC.
5. Credit will be issued when countertops are returned to Counter-Form LLC and we have determined that it is a manufacturing defect.

IMPORTANT: BEFORE INSTALLING TOPS

- **Water damage voids the warranty! Installer/plumber must seal all raw exposed particle board.**
- **WARRANTY covers replacement of tops ONLY. No labor costs.**
- CHECK CONDITION OF TOPS BEFORE INSTALLING. If your tops came with poly on them, take the poly off and inspect tops before assembling.
- DRY FIT COUNTERTOPS and if there are any issues, DO NOT GLUE and ASSEMBLE.
- TOPS SHOULD BE SET ON LEVEL CABINETS AND ALLOWED TO ACCLIMATE. If tops were subject to high humidity, they may need more time to acclimate to the surrounding.
- MAKE SURE MITER JOINTS ARE CLEAN. Using a paint brush, COMPLETELY coat each raw edge of miter joint with waterproof glue.
- Quickly align tops and tighten miter bolts. Open times vary depending on glue manufacture. Splined Miters help with alignment but all miters have to be adjusted. While tightening each miter bolt, a small block of wood can be used to "TAP" on the deck of the countertop so laminate does not get damaged. Working from front to back, line up tops so laminate is flush, then tighten bolt, repeating for each bolt.
- Clean off excess glue with a damp cloth.
- Warranty is void if joints are not properly assembled.
- Color matched seamfill is available for final touch-up.
- TOPS ABOVE DISHWASHERS SHOULD BE SEALED. The area above the dishwasher is exposed to moisture. Vents on top of door can cause damage quickly.
- STOVES and COOKTOPS MUST BE SET AT A HEIGHT ABOVE THE COUNTERTOP. This will prevent end caps from high heat which could cause delamination.
- ALL FAUCET HOLES CUT NEED TO BE SEALED. Use a good silicone to seal all raw particle board exposed to prevent water damage.
- DO NOT EXPOSE MITER SEAMS TO STANDING WATER OR SET COFFEE POTS OVER SEAM. WATER DAMAGE IS PERMANENT AND IS NOT A WARRANTY ISSUE.

CARE & MAINTENANCE

1. Do not expose miter seams to standing water or set coffee pots over seam. Water damage is permanent and is not a warranty issue.
2. STOVES and COOK TOPS must be set at a height ABOVE the top of your counter top. This will prevent end caps from excessive heat that could cause them to release.
Tops above dishwashers should have area above dishwasher sealed to prevent moisture damage. Vents on top of door can cause damage quickly.
3. FAUCET HOLES - All holes drilled through the top MUST be sealed with silicone. All raw particle board must be sealed to prevent water damage.
4. Use a damp cloth or sponge with a mild NON ABRASIVE detergent for cleaning. Then rinse thoroughly and wipe dry with a clean soft cloth.
5. For tougher stains, a SOFT BRISTLED brush may be used. Abrasive cleaners WILL cause premature wear.
6. ALWAYS use a cutting board when slicing to avoid cuts & scratches. Any sharp object can scratch the surface.
7. ALWAYS use hot pads to protect the surface from hot pans, as enough heat will damage the surface.
8. NEVER SLIDE “stonewear” across the surface, as it is very abrasive, and will cause scratches and premature wear.
9. Polishes such as “Hopes Counter Top Polish” can help by reducing friction.
10. Certain household chemicals WILL DAMAGE the surface, including:

Toilet Bowl Cleaners
Drain Cleaners

White Vinegar
Hydrogen Peroxide

Oven Cleaners
Stain & Rust Removers

Bleach
Anti-Bacterial Formulas

If any of these items come in contact with the surface, IMMEDIATELY clean that area very thoroughly and wipe dry with a clean soft cloth. Following these guidelines, your countertop should remain looking new for many years.

Special Tip

Always rinse laminate after cleaning! Failure to rinse after cleaning is the single greatest cause of damage to a laminate surface. If even a small amount of cleaning solution remains on the surface, moisture from cups or dishes can reactivate it and result in permanently-etched scars. Always rinse thoroughly with clean water and dry with a soft, clean cloth.

3-4-5 RULE

Use this rule to check for square (90°) corner.

Corner is square if 3-4-5 rule works.

Counter-Form, LLC makes every effort to ensure you receive your materials as ordered. We are committed to providing excellence in craftsmanship and service. Please read and review the following terms and conditions of your purchase:

MEASUREMENTS:

The buyer is responsible for the accuracy of all measurements supplied to Counter-Form. Counter-Form accepts no responsibility or liability for measurement errors. The customer is responsible for the final design approval.

DELIVERY LEAD TIMES:

All delivery times are estimates. Custom edge and non-stock colors may have extended lead times.

INSPECTIONS

Upon receipt of delivery, materials should be inspected for damage. Claims need to be notated on delivery receipt or reported to the Counter-Form Customer Service Department immediately. If a return is required, contact the Counter-Form Customer Service Department to arrange for return authorization.

RETURNS

To be eligible for a return or exchange, begin by contacting your customer service representative. The product must be in its original condition and damage-free, all returns will be inspected prior to merchandise credit. Custom ordered products, and Special Orders may not be returned. NO Returns on non-stock colors. STOCK colors subject to a 20% restocking charge. Cut or damaged pieces cannot be accepted.

CHANGE ORDERS

Contact your Counter-Form customer service representative for all order changes. Orders prior to entering production can be changed at no charge. For orders that are in production (shop floor), changes may be limited and will have a \$25 fee applied.

NON STOCK LAMINATE

Additional lead-times may be incurred depending on supplier availability. Estimated delivery dates are supplied with the order acknowledgment. Laminates not stocked at Counter-Form may need to be purchased in full sheets, a line item charge for balance of sheet will be noted on the quote/acknowledgment.

YOU CAN FIND IT ON THE COUNTER-FORM.COM WEBSITE

We encourage you to check out the Counter-Form Website. We have it all - resources for your customers to help them select the perfect pattern, all the details including specifications and technical content that you require, and information to learn more about our capabilities and services that are available. PRE-ORDER GUIDELINES

- Steps taken by Counter-Form for pre orders:
- Orders are entered into our system with sizes that are provided.
- Laminate is ordered to accommodate that size top. (Example: Kitchen top size is 90", we order 30"x96" laminate, if the top were to change to 99", we could not use the 96" pc. and would reorder 120" pc. You would be responsible for the 96" pc.)
- Received laminate is set aside for that order until the customer needs it.
- When final sizes are received, tops will be put into production.
- Pre-orders will be accepted one month in advance. All pre-orders must have a P.O. number and a contact name. Any pre-orders that change are subject to extra laminate charges and the balance of laminate will be delivered with the tops.
- If final orders are not received within one month of pre-order, laminate will be delivered and invoiced to the customer.
- NOTE: If Applied Edge sticks are pre-ordered, the color cannot be changed. Counter-Form does not make the sticks.

FINISHES

AW = Artisan Walnut	CA = Cashmere	FP = French Polish	LM = Luminous	SR = Structured
BC = Breccia	CW = Casual Wood	GL = Gloss	LQ = Laqwood	UL = Ultra Smooth
BT = Basalt	DI = Diamond	IM = Impression	MX = Metalux	VL = Velvatex
	EV = Evergrain	LE = Legno	RM = Refined Matte	VT = Vista

When ordering, please reference the laminate NUMBER, not the name. Some colors and/or finishes may require 5-10 sheet minimums.

Dark solids or Gloss finish laminates will show wear and scratches. WE DO NOT RECOMMEND them for normal kitchen use!

AVAILABLE EDGE PROFILES - ESSENTIALS

THE ESSENTIAL PROGRAM FROM COUNTER-FORM

Available exclusively on Slab/Blank orders.
ECO edges do not include backer on the front build down and features a particle board scribe.
Limited to the edge profiles shown below. Minimum orders do apply.
